We Make Gifting Way EASY

A NO-NONSENSE WAY OF GIVING
HIGH-QUALITY, TASTEFUL GIFTS

Making the process as simple as possible gives you and your team more time to do what you do best! Gifting is often an overlooked, outsourced, or completely avoided opportunity to creatively develop long-lasting relationships that speak loudly in a time of busy and shallow greetings.

So often, corporate gifts relay the very messages we want to avoid. Rushed, overly generic, outdated, and gimmicky corporate gifts lack the personal and sophisticated touches that will leave a desirable impression. That is the beauty of our simple ordering process. Your company can leave the planning, prepping, and details up to us and get back to the business of doing business!

Elevated Gifting for Lasting Impressions

YOUR GIFT SAYS A LOT ABOUT
YOU

We're committed to celebrating the receiver as well as delighting the giver. At Harbor 17, we believe the purpose of gift-giving is more than a marketing tactic - it is about bringing real people together for honest relationships. Where you're celebrating a new client, welcoming a new employee, or bringing in a New Year, every celebration deserves attention to detail and a genuine message of affirmation.

“You made the process so easy for me and I loved working with you. That along with your top quality product is someone that I definitely want to keep working with.”

–Jonathan

“Thank you, Elizabeth, for the PERFECT gifts! They arrived in a timely manner (and that is saying a lot, considering today’s shipping challenges). And they were in perfect condition. They are such lovely gifts and we can’t wait to give them to the recipients.”

–Tina

“I simply love Harbor 17! The gifts are perfect and my clients rave about the products. I love the details and my clients really appreciate the hand-made nature of the gifts.”

–Melissa
